Subject: AW: MY17 MB Sprinter AECD Documentation upload to DMS

Hello Depinder,

please find within in addition to the version that Marc loaded up to DMS the readline version where you can see the changes we did compared to the last version from October.

Finally, on behalf of Mercedes I want to make sure that CARB understands that these materials are confidential, and are being submitted to CARB under a request for confidential treatment, and should get the benefit of all applicable California Public Records Act and FOIA disclosure exemptions.

Regards,

Felix

Betreff: RE: MY17 MB Sprinter AECD Documentation upload to DMS

Hello Marc,

You submitted this MY17 Sprinter AECD document (revised in November 2017) to DMS. We received last time the AECD document (revised in October, 2017) for MY17 Sprinter on Oct 5, 2017.

What are the changes in this revision compared to the October version?

Do you have November 2017 comparison document showing highlighted changes as you did last time for October 2017 revision?

Thank you and have a good one.

Depinder Paul

Subject: MY17 MB Sprinter AECD Documentation upload to DMS

Hello Lucky, hello Bill,

the MY17 Sprinter AECD documentation has been uploaded to DMS. The document is linked to the Application documents of the four relevant Sprinter test groups (HMBXD03.0HD1, HMBXD03.0HD2, HMBXD03.0HD3, HMBXD03.0HD4).

I am not quite sure if this is sufficient that you get notice that a new document was added. I didn't generate a specific workflow or add the document to an existing one.

Please let me know if there is any further action from my side needed.

Have a nice day and thanks for your support.

I attached the AECD document just to be sure that you received it within today.

Best,
Marc
